Notes on this request procedure:

- *If **the majority** of your team is awaiting the order, you can contact lennert@apollobasketball.nl to ask for temporary use of a uniform set for your team.
- *If only **a minority** is waiting for a uniform, then whoever doesn't have a uniform may play in any kind of uniform as long as the color is red and it carries a unique number.
- *Please manage the choosing of numbers in your team as a coordinator. All players should have **different numbers**.
- *If a player in your order also subs for other teams a lot, try to choose a number that is unique across multiple teams.
- *Please order shirts in bigger batches. The supplier only accepts bigger orders so with a small order, we sometimes have to wait until the club total reaches a certain number of shirts
- *Please fill in **all green fields** in this form
- *Please note that, in order to avoid administrative work, we expect **a single payment of the total amount**, and not individual payments from all teammates.
- *Uniform costs are €50,- per set incl. VAT. Senior teams buy the set. Doing so leads to less annual contribution than the "rent" alternative.
- *Orders are not processed without payment
- *Sizes of the uniform are displayed in the overview below.
